

Ropelflex delivers the benefits of both isokinetic and aerobic exercise. Our rope-pulling machines are based on simple, time-proven principles of rope climbing while reducing the risk of this traditionally dangerous activity to nearly zero. Individuals of any age and athletic ability can benefit from our unique rope technology safely and comfortably.

Ropelflex training equipment is based on maintenance-free magnetic technology. Our continuously adjusting resistance mechanism causes the rope pulling difficulty to increase with the rope pulling speed. Our patented technology allows you to customize the workout to match your fitness goals. Initial tension can start as low as 10 lbs and go up to 200 lbs (on select models) for performance athletes or those who want to maximize resistance training. Our high quality ropes allow a comfortable grip, limiting friction and slipping during the exercise activity.

## STANDARD FEATURES

- Safe alternative to ceiling rope - vertical pull rope trainer
- Outdoor configuration with sealed drum & stainless steel bearings
- Durable and stable construction
- Soft-braided rope for easy and comfortable grip
- Removable non-cushioned seat for outdoor use
- Magnetic / bidirectional mechanism with automatically adjustable resistance

FRAME / UPHOLSTERY	
Frame finish	Powder coat
Frame color	
Upholstery color	Optional
Machine Weight	150 lb / 68 kg

TECH SPECS	
Length	47" / 119 cm
Width	45" / 114 cm
Height	104" / 264 cm
Resistance min.	10 lb / 4 kg
Resistance up to	200 lb / 90 kg
Resistance Upgrade	Up to 150 lb
Display / Hipervision	No

WARRANTY	
Frame (not coatings)	10 years
Structural parts	10 years
Pulleys	3 years
Bearings	3 years
Labor	1 year
Electronics	1 year
Rope / Upholstery	6 months
Accessories	6 months
